FIRE TEAM MEMBER

DURATION	MINIMUM	MAXIMUM	DELIVERY
3 Days	**6 Pax**	**12 Pax**	**On Site / Centre**

Intensive training for members of an industrial fire team, including hose handling, entry technique, search patterns and live fire attack in full PPE.

LEARNING OUTCOMES

01 Understand the organization and operation of an industrial fire team.

02 Use advanced firefighting equipment, including hoses, nozzles, and monitors.

03 Apply various firefighting techniques for different types of fires.

04 Work effectively as part of a coordinated firefighting team.

05 Understand the principles of search and rescue in fire situations.

06 Use personal protective equipment (PPE) and breathing apparatus (SCBA) correctly.

07 Perform basic maintenance and inspection of firefighting equipment.

08 Understand the hazards of structural and industrial fires.

09 Participate in intensive firefighting drills and simulations.

10 Follow the instructions of the Fire Team Leader during emergencies.

WHO SHOULD ATTEND

Designated fire team members, wardens, helideck crews and response leaders

DELIVERY & ASSESSMENT

Classroom instruction with practical exercises, assessed continuously and by end-of-course evaluation against the outcomes above.

ON COMPLETION

Global SPS certificate of training issued to each successful participant, with records retained for client and regulatory audit.

Course content can be tailored to site-specific procedures, equipment and language on request. Contact Global SPS to discuss scheduling and in-house delivery.
