SECTION J · WAREHOUSE & MATERIALS HANDLING

SIDE LOADER

DURATION	MINIMUM	MAXIMUM	DELIVERY
2 Days	4 Pax	10 Pax	On Site / Centre

Side loader operator certification for long-load handling, covering stability, travel technique, load placement and confined-aisle operation.

LEARNING OUTCOMES

01 Understand the specific operation and handling of a side loader.

02 Perform pre-operational inspections and functional checks.

03 Operate the side loader safely to move long or bulky loads.

04 Understand the load capacity and stability of the side loader.

05 Follow safe procedures for loading and unloading from the side.

06 Navigate safely in restricted spaces and warehouse aisles.

07 Use the side loader's controls and safety features correctly.

08 Follow safe procedures for maintenance and refueling.

09 Recognize the hazards unique to side loader operations.

10 Demonstrate competence in side loader operation through practical assessments.

WHO SHOULD ATTEND

Warehouse operatives, storekeepers and materials handling equipment operators

DELIVERY & ASSESSMENT

Classroom instruction with practical exercises, assessed continuously and by end-of-course evaluation against the outcomes above.

ON COMPLETION

Global SPS certificate of training issued to each successful participant, with records retained for client and regulatory audit.

Course content can be tailored to site-specific procedures, equipment and language on request. Contact Global SPS to discuss scheduling and in-house delivery.
